

Units 1 and 2 Group Showcase

Congratulations!! You have all successfully completed the first two units and are ready to plan your first showcase!

Congratulations!

Goals

To demonstrate that students have mastered teamwork, communication, conflict resolution, and creativity by working together on the culmination of these 18 weeks for the final half-point project.

Tools

Collect all of the artwork done in Unit 1 and 2. You will base your Showcase on the ideas, projects and activities completed.

Chalkboard

CHECK IN WHEEL

The next two classes are about working together, setting a plan, and creating our Showcase theme!!

Guided Instruction: When you look at the Sankofa Bird, the Identity Tree, the Culture Tree and Bridgepoint, pick one thing you can think of that is important to you and tell the class why.

Showcase Theme: We are halfway to our goal!

Theme ideas:

Use the class Sankofa Bird tree to build into a display. You can use it as a continuum that shows class progress.

Our goals are to work together, learn to communicate, and understand that we have value and that our choices are very important. To understand that, we decided to plant good seeds.

Talk about where to display your artwork and projects, how to display them, when to display them and who to invite to come see them. Use templates to pass out invitations and hang promotional signs.
