

I AM REWARDED FOR MY WORK

I am engaging with my community by understanding my position and my job!

Goals

To learn what a Return on Investment is.

To learn about fundraising and donations.

Tools

- *Check-In Spinners
- *Pas Store Policy

Chalkboard

Check-in: How are you feeling? (5-10-minute exercise)

By getting good grades, I get the opportunity to be rewarded at the PAS Store, apply for scholarships, and be a part of fun things that will encourage me to keep doing a good job!

**MISSION:
POSSIBLE!**

Guided Instruction:

When we do good things, we are rewarded. This is a simple overcomer's principle – Do good, and sometimes you will get rewarded!! This is also how our community and school can give back to us.

Bridgepoint! This is an ROI- Return on Investment!! This means that what you have put in (your time, your energy, your good behavior) has resulted in a return (this means a Reward to you!!)

Activity One:

Let's talk about what are the things each student has invested in this class:

1. Have you followed the school rules and PAS code (have you been a good citizen)?
2. Do you know your position? Are you the team player that encourages the team, scores for the team, or protects the team)?
WHAT'S YOUR JOB??
3. What kind of seeds are you planting as you go to your different stops on your ROADMAP?
4. What kind of harvest do you see? Do others see it too?
5. Are you a leader in your class?
6. Are you a helper in your class?
7. Can your teacher depend on you to work hard and be honest?
8. Can your teammates depend on you?
9. Can they trust you?

Now Let's discuss the ROI:

Do you feel like you can be rewarded from your PAS Store?

Are you actively helping in your community (class, home team?)

How are you actively helping?

What does it mean to Volunteer?

Watch Video <https://youtu.be/xozNnytRE6E>

Overcomer's Activity!

After watching the video, what changed in the man?

What can you do to volunteer in your community?

Create your own Volunteer list: Think of a neighbor or your family member or a sibling or your teacher. How can you help them?

I will help _____ by _____

Do you have a church or library or community center in your neighborhood? What can you do to help? (Can you pick up the trash? Can you help another student with their homework?)

Let's Think about it: Bridgepoint

You have something valuable to give!!
