

GOAL  GETTERS

PROJECT PLANNER

A planner designed to
help creative people
breakdown and reach
big goals step-by-step

WELCOME

Hello Goal Getter!

Welcome to the Goal Getters Project Planner designed to accompany you on your journey to reach your creative goal using the Goal Getters Quarterly Planning process.

This workbook is your essential companion on the path to turning your creative dream into a reality.

Who is this workbook for?

Whether you're an aspiring writer, artist, musician, or creative innovator, this workbook is designed to help you carefully plan and execute your creative project over the span of three transformative months.

Inside, you'll find a structured roadmap that breaks down your project into manageable chunks, offering a monthly, bi-weekly, and a daily breakdown for each action step.

Don't go it alone.

In addition to the detailed planning sections, we've included a dedicated page for taking notes during our **Goal Getters** Accountability Meetups.

These meetings are an integral part of our shared creative journey, providing you with a space to connect with fellow creatives, share your progress, seek guidance, and inspire one another.

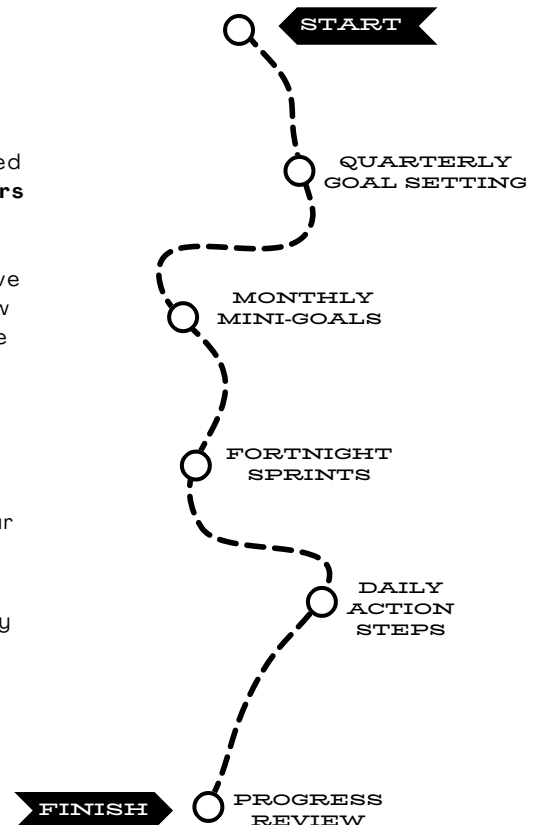

Let's Get It!

Get ready to embark on a fulfilling creative adventure, armed with the tools and structure you need to bring your vision to life.

Let's turn your creative dream into a reality, one carefully planned action step at a time!

Cheers!,
Leon Harrell
Principle Consultant @ Foundry League
