HOW TO USE THIS GRIMOIRE

This grimoire is designed to support study and memorization of up to 78 cards in an Oracle deck of your choosing.

Understanding oracle cards are a combination of personal experience and the meanings offered in the book that comes with the deck. The more we use oracle cards the more we learn how the card speaks to us personally.

Here is the set up of this notebook...

- Each oracle card has a dedicated two-page layout with prompts to understand the meaning and symbolism in the card
- There is also space to document your own experience with the card under "Practitioner Notes".
- There is a customizable table of contents already set up for you to quickly find and reference each card.
- There are blank pages at the back of this book for additional notes and insights.

Tips for Using Oracle Cards

- Each deck has its own special magick - treat it well, put in a magick pouch or box
- Don't only rely solely on the guidebook and try not to overthink your impressions
- Look at the imagery in the card - what does it remind you of? How does the card make you feel?
- Infuse each card / deck with your energy - play with them or carry them around.
- Shuffle well
- When you pull a card, don't look at the guide book right away - sit with the card - what comes to your mind? How do you feel? What does your Intuition tell you?
- Pay attention to colors, imagery and symbols in the card - how does it make you feel?
