Think about & answer these questions before you begin this Course ...

1. How do you recognise that God communicates with you now? *(If you're not sure, that's totally OK. You'll know more through this Course.)*

2. Where do you want to be in your relationship with God in 12 months time?

3. What areas would you like to grow in - seeing, hearing, feeling, or knowing?

These are some of the ways that God communicates with you through seeing

- Have you ever watched a movie & a scene stands out to you that you find hard to stop thinking about?
- Maybe something has 'jumped out' at you when you are out & about & thoughts come flooding into your mind about what you are seeing.
- Have you been busy in an activity & all of a sudden your mind wanders & you begin seeing pictures or words in your imagination?
- Have you asked God for help in a situation & then ideas come flooding into your mind in pictures?
- Have you had dreams & then you've been in a situation that feels familiar?
- Have you ever been sitting alone & out of the corner of your eye you have seen something move but no-one is there?

How do I know what is from God, myself or the enemy?

- **God** - is kind, loving, corrective yet not condemning, solution focused, forward moving, calls you higher
- **Yourself** - can be critical, limiting, self-protecting, judgemental
- **The enemy** - is critical, condemning, taunting, judgemental, he lies, is destructive, plays dirty, initiates fear

Record What You See

Did you know that it's really important to note what God is sharing with you?

- "Then the Lord told me: *"I will give you My message in the form of a vision. Write it clearly enough to be read at a glance."* Hab 2:2 (CEV)
- When the Lord gives you a revelation, a vision, or a picture in your mind, it's a great idea to write it down or record it in such a way that it will be simple to understand & will remind you quickly what He showed you.
- The more you record what you sense Holy Spirit is saying to you, the more He will show you.

Reflections

1. What did I learn today?

2. In what specific areas of my life could I use what I learnt today?

3. What other questions have come up for me?
