Write the sentence.

Answer Key

Week 1 – Big Bang

Everything began suddenly and the universe expanded

Week 2 – Stars Form

Stars formed slowly and began to shine

Week 3 – Our Galaxy & Solar System

The solar system orbits the Sun

Week 4 – Gravity

Gravity pulls objects together and keeps motion

Week 5 – Earth Forms

Earth formed from hot rock slowly

Week 6 – Rock Cycle

Rocks change over time in cycles

Week 7 – Plate Tectonics

Earth's plates move slowly and shape land

Week 8 – Water Cycle / Atmosphere

Water moves through Earth and changes form

Week 9 – Definition of Life

Living things share traits and interact

Week 10 – First Life

First life lived in water small

Week 11 – Oxygen

Oxygen entered Earth's atmosphere and life changed

Week 12 – Eukaryotes

Complex cells protected their DNA inside

Week 13 – Multicellular Life

Cells worked together and multicellular life appeared

Week 14 – Cambrian

Many animals evolved and life diversified
