

Week Five
Earth Formation

EARTH FORMS

The Earth formed from space
rocks and dust.

EARTH FORMS

The Earth formed from space
rocks and dust.

EARTH FORMS

Draw what early Earth looked like to you,
or draw the layers of the Earth.

The Earth formed from space
rocks and dust.

Early Earth with Adjectives

Read each sentence and circle the adjectives

1. Earth started as space dust and little rocks.
2. All those pieces crashed together and made a really hot, melted ball.
3. Big space rocks (meteors) kept crashing into it.
4. Earth slowly cooled and turned into the planet we live on.

Fill in the Adjective

Try these with missing adjectives:

1. The Earth was a _____ ball. (Hint: It was super warm!)

2. _____ rocks crashed into the Earth.
(Hint: Not small!)

3. The _____ crust covers the Earth.
(Hint: It's not thick!)

Make It More Descriptive

Take the plain sentence and add your own adjectives to make it more exciting:

1. Space dust made a _____ planet.
2. The _____ mantle is under the _____ crust.
3. _____ meteors left _____ craters.

hot

big

round

soft

melted

heavy

rocky

thin

small

light

early

thick

Because, But, So

Sentence Expansion

Earth formed because

Earth formed but

Earth formed so

Sentence Expansion

Earth formed

How	
When	
Where	

Summary Sentence

Handwriting practice lines consisting of four sets of three horizontal lines each. Each set includes a solid top line, a dashed middle line, and a solid bottom line.

Fix the Fragment

from hot rock and dust

Handwriting practice lines consisting of 10 sets of three horizontal lines (top solid, middle dashed, bottom solid).

Write an Appositive

Earth, _____, formed from
hot rock and dust

Molten rock, _____, cooled to
form Earth

Earth, _____, developed from
molten material

Correct the Sentences

earth formed from hot rock and
dust without air

earth was formed by dust and
rocks over long time

earth developed from hot molten
material long ago

Combine Sentences

Earth formed from hot rock  Earth slowly cooled

Handwriting practice lines consisting of ten sets of three horizontal lines (top solid, middle dashed, bottom solid).

Earth Formation

Statement: ends with a (.)

Question: ends with a ?

Command ends with a (.)

Exclamation ends with a (!)

Cut the words.

from

Earth

rock

hot

cooled

slowly

Paste the words in the correct order.

--	--	--	--	--	--

Write the sentence.

Writing Details

Topic Sentence	Earth formed from hot rock and slowly cooled
-----------------------	--

Detail 1	
-----------------	--

Detail 2	
-----------------	--

Detail 3	
-----------------	--

Detail 4	
-----------------	--

Topic Sentence

Use the details to write a topic sentence.

Topic Sentence	
-----------------------	--

Detail 1	Lava cooled to make crust
-----------------	---------------------------

Detail 2	Earth's surface solidified over millions of years
-----------------	---

Detail 3	Earth's core is liquid
-----------------	------------------------

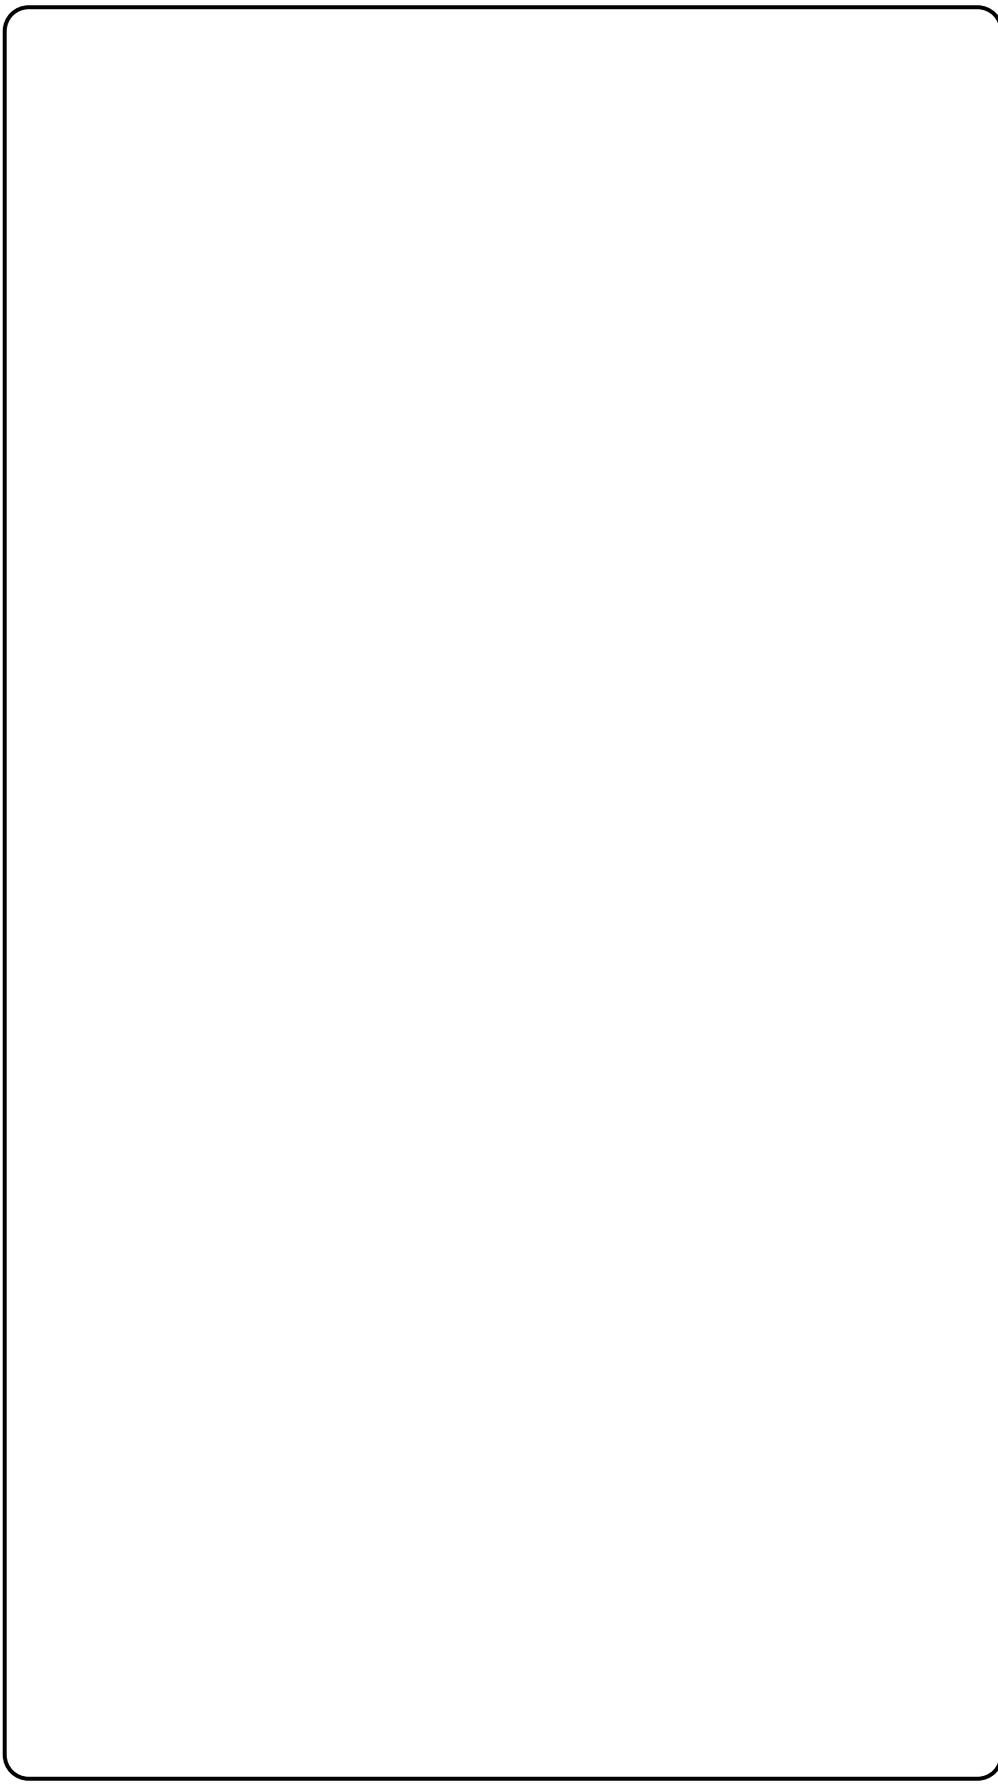

Detail 4	Minerals formed during cooling
-----------------	--------------------------------

Odd One Out

Find the detail that doesn't go with the topic sentence.

Topic Sentence	Earth formed from hot rock and slowly cooled
Detail 1	Lava cooled to make crust
Detail 2	Trees produce oxygen
Detail 3	Earth's surface solidified over millions of years
Detail 4	Earth's core is liquid

Earth Formation

Trace & Write

Oceans filled the land

with life's first

cradle

Handwriting practice lines consisting of multiple sets of solid top and bottom lines with a dashed midline for tracing.

Copywork

Oceans filled the land with life's first cradle

Handwriting practice lines consisting of solid top and bottom lines with a dashed midline for letter height guidance. There are ten sets of these lines provided for copying the text above.

Copywork

Earth cooled and water gathered into oceans,
giving tiny organisms a home to begin life

Handwriting practice lines consisting of solid top and bottom lines with a dashed midline, repeated multiple times for copying the text above.
