

**MY CAVE ART**

Create your own cave art! Use natural-looking colors. Draw animals, handprints, or symbols. Think about what story you want to tell someone who finds this art thousands of years from now.

**WHAT DID YOU DRAW?**

I drew \_\_\_\_\_ because \_\_\_\_\_.

Early humans drew animals like \_\_\_\_\_, \_\_\_\_\_, and \_\_\_\_\_.

Cave paintings were found in places like Lascaux in \_\_\_\_\_ and Altamira in \_\_\_\_\_.

**YOUR HANDPRINT**

Trace your hand here, just like early humans did on cave walls. Then write what you think a handprint meant to the people who made it.

*Draw here*

**I LEARNED THAT**

Cave paintings are about \_\_\_\_\_ thousand years old.

---

Early humans used \_\_\_\_\_ and \_\_\_\_\_ to make paint.

---

Before writing was invented, art was one way people could \_\_\_\_\_ stories.

---

The period before written history is called \_\_\_\_\_.

---
