

# Lesson 9: The Definition of Life

## Because / But / So

Complete each sentence using the connector word shown.

All living things share the same molecule, DNA **because**

---

All living things share the same molecule, DNA, **but**

---

All living things share the same molecule, DNA, **so**

---

## Subordinating Conjunctions

Complete each sentence using the conjunction shown.

**Although** \_\_\_\_\_, it is not a living thing.

**If** \_\_\_\_\_, it does not meet the definition of life.

## Think and Write

1. Name at least four characteristics that all living things share. Then explain one of them in your own words with an example.
