1. _____

2. _____

3. _____

Scrambled Sentence

Unscramble the words to make a sentence. Add your own capitalization and punctuation.

work / of / food / years / for / for / humans / and / domesticated / thousands / animals

Locate the Adjectives

Read the paragraph below. Find and underline all of the verbs (action words).

People and animals have lived together for a long time. Early humans learned how to care for wild animals. Over time, these wild animals became calmer and friendlier. They gave humans good food and helped them with hard work. People picked the best animals to raise. These special bonds are still important for our daily lives today.
